MESSAGE FROM THE EXECUTIVE DIRECTOR

Dear Friends,

Community Living Options was started with a single-minded goal of helping those with developmental disabilities and/or mental illness to live a better life. In our thirty-seven-year history, with the support of you and many others, that mission has grown to include supportive services in housing, day programming and senior living. As science and clinical advancement continue, we see how new medications and therapies can bring stability and hope to families while improving the quality of life for the individual. Mental health is now a topic that is openly discussed on news programs, social media, and prominent public figures being public with their personal journeys. By coordinating care with other providers and monitoring our progress, we are delivering person centered care in our residential programs, our adult learning center and out in the community that make a difference in the lives of those we serve. To our donors, families, volunteers, and employees...our sincere thanks.

With gratitude,

Fiorella Spalvieri
Executive Director
